Since **Grant Radbournes** name has come public. I'm going to too. To clear this up once and for all. I know my family will see this and the friends in my area. I am one of his victims. I suffered CSA at his hands for most of my childhood into teens. My family knew and kept it a secret under the guise of God. A beautiful soul of a relative of mine told the workers what was happening when I was around 14. Maurice Close asked me if it was true, I said yes. He asked my uncle who also said it was true. He asked my uncle to destroy all evidence and to tell my aunt and say sorry to me. My uncle, alone said this exact apology. " Sorry about that, hope we can still be friends".

Nothing changed. He still went to meetings, took part, no friends were told and he still came around me and my family. Maurice Close counseled me alone which has impacted me greatly. What older man counsels and expects a child to tell them about their abuse? Why not a female worker? He would also make sure to pull me aside in front of other friends. When I became a mother everything changed and I realized I felt such guilt for leaving his kids with a predator. My hope was to set them free and I got the courage to tell the police.

I lost most of all my family that day and they went on a barage of calling me, threatening me, spreading lies.

I didn't cave and he plead guilty. Maurice Close was admonished in court and told this church could never hide this ever again or face charges. The workers have known about this for far to long. On the day he plead guilty, I was alone. He had my aunt, meeting friends and his parents there. Again nothing changed and he still took part and no one was told that it was in fact true.

My aunt and uncle then went on a smear campaign of telling everyone it wasn't true and he only plead guilty because he couldn't afford a lawyer anymore(he dragged it on almost 2 years btw) and I only wanted money. I'm going to say this once because it's time. This was a criminal charge and not a civil one. I HAVE NEVER RECEIEVED A DIME!! I hope the friends in my area hear that loud and clear. For all the bad looks, comments, abandonment.

I have never seen my aunt uncle or cousins grandparents and extended family again. I am the devil.

The workers never once announced that Grant was a convicted pedophile. I have court documents that back this up and this becoming public.

To my cousins, I only wanted to save you. I love you. I hope one day I can see you again. I'm here. I always will be. In my dreams I see you and hope our paths cross someday in some beautiful place 

I want to say a huge thank you to Cynthia and all these groups. The care packages. And the few ex and friends who have sent me the most beautiful messages of support. You have healed some old wounds around the friends. Thank you to everyone who is making these changes and keeping kids safe. These people cannot be cured. I wasn't his first or last.
