

Eric Hawkins a worker on the WA/N ID/AK staff asked to leave the work

The below email was sent by Eric Hawkins, a worker on the WA/N. ID/AK staff.

At this point in time, we are not aware of allegations concerning Eric, only concerns about behavior as indicated in his email.

The following is from Eric Hawkins:

Dear friends,

There have been concerns expressed that there are some social cues and norms which I miss. Those situations have, at times, made people uncomfortable.

Because of these concerns, I have been asked to step aside from active ministry work to seek professional help. I plan to concentrate on this for the time being.

I have not been accused of (nor have I committed) any CSA or SA offenses. I do sincerely apologize for the concerns I have caused in this matter.

Your friend & brother in Christ,
Eric
