# Pamela Walton on FB group Exposing Abuse:2x2s

Admin

. .

This post is to bring awareness/exposure that conventions are still not safe. Since this convention season (2024) started there have been 7 individuals that have either attended conventions or attempted to attend. I am keeping track so I can report out and bring awareness and exposure.

Together We Are Making A Difference!

**Dunnville, Ontario Canada**--a known perpetrator was allowed to attend even after the victim told the workers about the offender.

**Smeaton, Saskatchewan Canada**--a known worker (**Jack Reddekopp**) with credible allegations is still in the work and is scheduled to speak at this convention. He is a Canadian worker.

**Cody, Wyoming USA**-- a known predator (**Braydon Dutton**) attended at least part of this convention.

**Walla Walla, Washington USA**--a convicted sex offender (**James Schupbach**) attempted to attend, he was escorted off the grounds.

**Elizabeth 1, Colorado USA**--a known perpetrator tried to attend this convention and was prohibited.

**Mellowdale, Alberta Canada**--a known worker (**Marion Crawford**) with allegations who is still in the work, is scheduled to speak at this convention. She is a Canadian worker.

**(NEW)Iron Bridge, Ontario Canada**--a perpetrator (**Marvin McDowell**) with credible allegations attended this convention. There is an open investigation against him.

Thank you to those at Walla Walla and Elizabeth conventions who did not allow these men onto the grounds.
