

Benjamin Jacques invitation to an 'unsanctioned meeting' or just fellowship

Posted on [Connected-and-Concerned-Friends](#)

- Anyone feeling they cannot go to meetings we welcome everyone for Sunday morning fellowship at our home (call it unsanctioned but really just desiring pure fellowship). If no one else comes it will be just our family but otherwise please message us or call. This is after the recent revelations that one of our field workers needs to step down and if you feel a need to just talk and have some pure open fellowship. Love to all.
- Of course we cannot have 200 people but we have room for I'm sure all that would be interested.
