**Subject:** Notice regarding Loren Spellman

Dear NC/VA/MD/DE Friends,

I'm reaching out to you regarding Loren Spellman, who is no longer in the work.

Over the past few weeks friends and workers shared with me experiences regarding Loren's behavior which crossed boundaries of appropriate conduct pertaining to women. In recent hours we received a credible allegation of CSA made by an adult living outside of our region about contact that occurred while she was a child.

I am very sorry for everyone who has experienced hurt and discomfort as a result of Loren's actions.

Loren is not to attend meetings at this time.

If you, your children, or anyone else has had any interactions with Loren or anyone else constituting CSA or SA, please contact the local authorities.

If you have any questions or concerns please do not hesitate to reach out to me or any of the workers.

Your brother,

Jim Holt
