I have lived through growing up in an alcoholic home, divorced home physically abused and sexually abused! I was a premature birth have hearing aid's, small size, as a result school was a bullying nightmare!

The faith, was found by my grandma. She took my dad and aunt and uncle Isidore. dad and mom went and brought us 4 kids! I professed and was abused from 12 until 18 years old!

I came forward at 24. the overseer asked me to leave the perpetrator's field than this faith, this is my truth!
