

Resources issued by Rob Newman to CA/AZ/HI/NV workers and friends

May 27

Dear Workers, Elders and Friends,

Good evening. The attachments are the CSA Information, Child Safe Policy, and Workers' Code of Conduct documents (The CSA Information document was first sent out almost a month ago).

These three documents are the three that we have been developing with the help of professionals, friends and workers over the last seven weeks. As the names indicate, these three documents are dependent upon each other, with the first being educational, the second outlining policies for CSA matters, and the third presenting outlines for proper conduct (actually for both workers and friends). Please encourage everyone to make time to understand each document-- there is a lot of material presented, and it is important for the safety of our children. We appreciate everyone's effort and time to be advised and aware, to do your part in protecting the children and vulnerable among us.

Elders, please forward this email with attached documents to all responsible people in your meeting. Also, anyone may feel free to forward this email with attachments to any other responsible person that would like to have it.

For any that would like them, here are three links to these documents online, with the latest versions if/when there are updates:

CSA Information: <https://tinyurl.com/CSAinformation>

Child Safe Policy: <https://tinyurl.com/ChildSafePolicy>

Workers Code of Conduct: <https://tinyurl.com/WorkersCodeOfConduct>

Thank you to the many that have helped with this process. And thanks for all your prayers.

With gratitude and care, Rob
