

Robert Corfield removed from work

May 17

Ronan, MT

May 17, 2023

Dear Montana & Wyoming Friends & Workers

As difficult as this is, I must write this letter to you all with the following information that I have recently received.

I was informed that our brother, Robert Corfield, sexually abused minor boys while in the work in Canada prior to coming to Montana. Allegations were brought forward in 1990's before he was sent to Montana and Robert has admitted the abuse.

After Robert arrived in Montana, he underwent counselling and completed a therapy program for his pedophilia.

It is possible there may be additional victims. If you have been a victim, please reach out to law enforcement in your local jurisdiction and / or someone you trust as soon as possible.

Robert has been removed from the work and meetings.

Respectfully yours

Scott R.
