

# Timeline of Decisions Pertaining to CSA made by Ray Hoffman Barry Barkley and Dale Schultz

**Ray Hoffman:**

Ira Hobbs: (overseer of Texas)

- Letter sent out by Ray about Ira in May 2008
- Ira allowed to attend meetings with children until June 2023
- Ray sent out CSA resources in 2008. Overseers claim that they didn't know some of the facts and are only just now learning but we know that isn't the case.

- Ray praises Ira's spirit and says "there are too many allegations to be dismissed and disbelieved" which were only discovered when an officer investigating put out a notice for victims to come forward. Ray only wrote this letter due to the amount of victims that came forward.

Leslie White: (Overseer of Colorado)

- Ray needed Laura (rape victim) to report to the authorities before he could remove Leslie White from the work.
- Laura raped by Leslie in 2003 at Elizabeth preps and reported in 2012 . Only then was Leslie removed from the work.
- Ray allowed Leslie to speak in his gospel meetings in recent years until April of 2023.
- Laura says: "From all I've heard Leslie has continued his behavior and because of Ray Hoffman's refusal to put him out of all meetings and Ray and other overseers' refusal to write a letter and notify the church (the people) of Leslie's behavior and lack of repentance, his behavior has been allowed to continued and his abuse of women and young girls has been enabled."
- "In 2012 Ray Hoffman looked me in the eye and promised and assured me that Leslie White would never be in the work again, yet in April of 2023, 11 years later, it was discovered that Ray himself was letting Leslie speak in gospel meetings. When asked why, Ray answered; "Maybe not the wisest choice". " Laura.
- Cynthia Liles (P.I) says: "I noticed online there were a couple of comments suggesting White was actually still in the work in Maine. I learned in late March or early April of 2023 that Ray Hoffman indeed had let him back in the work by letting him speak in gospel meetings. This was confirmed with Ray in a phone call."
- <https://wingsfortruth.info/2023/06/24/victims-of-leslie-white-speak-out> Refer here for all of Leslie's inappropriate behaviors. Leslie spoke very inappropriately about sexual matters in gospel meetings and engaged in numerous inappropriate behaviors. Ray moved Leslie around but never removed him from the work.
- Ray made the comment to the mediator's father (see Barry Barkley) "If not for the sister worker (Laura), Leslie would still be in the work."
- Ray has also stated (April 2023): "Well it's tricky because a lot of times victims who come forward are mentally unstable and while we feel for them, it's hard to know what to do."

**Barry Barkley:**

Leslie White:

- Present for orgasm comment and later denied it happened
- Met with divorced woman and was informed of Leslie's very inappropriate questions (wings for truth link above) and did nothing about it with a mediator present in 2009.
- Barry later told the mediator of another report from a young sister worker that felt uncomfortable with Leslie's comments to her in front of young brother workers.
- Barry made multiple comments that he would not "surge ahead of God" when victim and mediator asked that Leslie White be removed from the work. Mediator warned Barry that there would be more victims
- Mediator and her husband were removed from field email lists. Bruce Shaw eventually told them they were not welcome to take part in meetings until the mediator had sought out Leslie and forgiven him.
- Barry was Leslie White's overseer at the time. (IL)

- Note: Mediator was unnamed on the victim's letters to Leslie White, but she later posted her story on AFTT and C&C so we know she is Beth Laswell Boelter.

**Dale Shultz:**

Robert Corfield:

- Dale knew of Robert's CSA in Saskatchewan and moved him to Montana instead of removing him from the work.
- John Foster says: "Those who also knew of Robert's crimes and failed to report (Dale Schultz, primarily) will also likely face criminal charges. Dale was horrible to Robert's primary victim and needs to be held accountable for that situation and many, many others he has handled horribly and with utter disdain for victims."

- Robert Corfield's victim recently disclosed on the Advocates for Truth FB page that he was physically assaulted by Dale for disclosing his abuse to a friend.

John Vandenberg:

- John was moved back to Arizona/California from Mexico after CSA happened in Mexico that Dale was aware of.
- The P.I team says: "Since January 2023. it has been brought to our attention that at least ten workers knew of this particular crime and participated in the cover up. Dale Shultz was instrumental in preventing the reporting of John Vandenberg's crimes to law enforcement." This is referring to an allegation against John of CSA of a 14 year old girl in Mexico in the early 2000s.

**Milford Town Hall:** (Ray and Barry present) Rays problematic comments follow:

- "The next person to speak stated that they wanted reassurance that all allegations would be reported and people in the area be informed."  
The moderator tried to bring the mic to Ray Hoffman to respond to this and Ray motioned the mic away and did not respond.
- Ray zeroed in on one report. He painted a picture of the reporter being untrustworthy. He said "I'm not aware of anything I've been involved with CSA. If people can prove that I knowingly moved a perpetrator to another field I will happily step down, I will happily step down, I will go to jail, I'm not afraid of jail. I don't think it would be wise to step down off the suggestion of one person."
- Ray referenced James as an overseer and that James had the last word. He also said that someone has to make the plans and organize. He then said that he used to be Catholic and he definitely won't be going back to that and that he didn't like the hierarchy.  
The person who asked said "there is a hierarchy of the friends, elders, sister workers, brother workers, older workers, and overseers."
- Ray said that it's important to have overseers who are led by God and to manage, otherwise every worker would just be doing what they think is right. (Pointing to the sisters workers) he says the sister workers are submissive in their place and are happy to be. Maybe you would like to speak on that? (Motioning for a sister worker to speak).
