

Tina Hughes reminder that the issues involved are easily understood and could be dealt with quickly except for the worker resistance

@David There are no words. 💔 As far back as you can go, this is exactly what they have done... And JF (all of them actually) had lots of opportunity to say, "oh shit, we / I / they really messed up, WHAT can I do to clean this up??" These issues do not "take time" to process... they are easily understood as wrong and horrific as soon as they touch our ears!!!

One of the fattest lies they tell in our area is, "it isn't happening here." The CSA and SA male (can't call him a man) you are speaking of is VILE as are every worker that gave, and continue to give, him a pass. My heart is crushed for you... For everyone affected.. Not only direct victims/survivors... but everyone in their lives too. 💔💔💔

- @Corey There is simple, easy to understand scripture to back up what they're actually doing!! The GALL is astonishing. This topic of scripture always brings me back around to leaving scripture out of it "WE DON'T NEED SCRIPTURE TO KNOW THIS IS WRONG."
