

## **Wanda Looys disappointment in top leadership policy of a deaf ear-- His way or the highway as she expresses it.**

Well an update from Red Deer. AB & MH have let EG back into Gsp Mtgs. From a text from Mike this week to me our fight has not even started with him. His way or the highway I think. He wants things in writing. He obviously wants charges. Our good workers are going down and he isn't listening to them. We need to be keeping up the pressure. This is not right. Still waiting for a response back from him.
